Product Profile:
Deep Ocean Mineral Sea Salt. 100% natural and pure from the pristine waters of the North Atlantic flowing into Oriel bay on the coast of Ireland. A patented sealed system guarantees a powerful bang of flavor packed with natural minerals and electrolytes. From when it leaves the ocean floor and emerges from a sealed pressurized harvesting system it never touches air, sand, soil or hand.

- Properties & Functions**
- Healthier Sea Salt (lower sodium, more minerals and purity contribute to up to 20% reduction in usage volumes)
 - Non-oxidized for intense depth of flavour (Harvested through sealed oxygen free system)
 - Up to 50% more Natural Sea Minerals (than other sea salt)
 - Powerful taste profile with mineral after-tones
 - Packed with 100% Natural Deep Sea Electrolytes
 - Dissolves and disperses 80% faster than other Sea Salt (due to fine powder like softer grain)
 - No impurities - No additives - No anti-caking agents
 - Free Flowing – Perfect ingredient flash dried Sea Salt
 - Patented harvesting technology
 - GRAS / Organic / Sustainable / Kosher
- Broad Range of Targeted Use:**
- Functional Food & Beverage
 - Snacks, Chips, Bakery, Protein Bars.
 - Butters and Dairy
 - Healthy Nutrition
 - Skincare, Haircare & Cosmetics

Taste Profile - It's All About the Taste:
Intense flavor of the sea with subtle undertones that linger on the tongue and enhance the flavor of your food.

Experience the a powerful taste profile as this natural mineral sea salt lingers on the tongue. Allows up to 20% lower volumes while still packing a taste with a punch of flavor as it infuses your food. This Sea Salt has been flash Kiln Dried, so it is Free flowing with no additives and the perfect ingredient. A true replacement for basic salt and other sea salt with an improved taste profile and quality, with health benefits.
