

The clear choice
for radiant skin

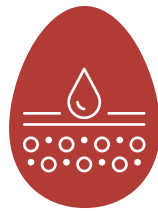

biovaderm

Applied topically, BiovaDerm® has been clinically proven to aid in these 3 key areas:

WRINKLES

Reduces the appearance of fine lines & wrinkles by up to 60%*

HYDRATION

Improves moisture retention and hydrates skin*

PROTECTION

Reduces free radicals and oxidative damage associated with aging*

BiovaDerm® water-soluble egg membrane (WSEM) is a cosmetic ingredient that supports skin health and offers proven elemental building blocks to support the essential needs of the skin.

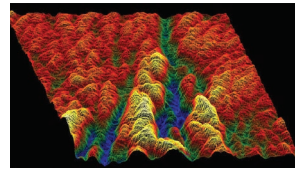

Our patented process maintains the natural ratios of skin nutrients found in egg membrane, and creates a water-soluble, formulation-friendly ingredient.

BiovaDerm® SCIENTIFIC SUPPORT

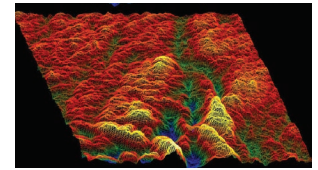

- » Up to 60% reduction in the appearance of wrinkles in 8 weeks

The Amazing Actives of Egg Membrane

- COLLAGEN** / Peptides that promote skin strength, elasticity, cohesion and firmness
- ELASTIN** / Protein which gives tissue the elastic tension and ability to resume its shape after stretching
- DESMOSINE & ISODESMOSINE** / Unique amino acids which provide elastin's flexible and resilient properties and help stimulate dermal collagen synthesis
- GLYCOSAMINOGLYCANS (GAGS)** / Including glucosamine, chondroitin, and hyaluronic acid: vital polysaccharides which serve as structural components of connective tissue, interstitial fluids, and cartilage matrix
- TRANSFORMING GROWTH FACTOR PROTEINS** / Including Ovocalixin, Ovocleidin, and Ovotransferrin which play a crucial role in tissue repair

FORMULATING WITH BiovaDerm®

BiovaDerm® promotes hydration and provides nutrients that support elasticity, skin tone and resilience. BiovaDerm® is manufactured using a gentle process to achieve the optimal molecular weight, protein, collagen and elastin levels and to ensure the lowest possible scent, color and ash. All of Biova's ingredients are quality manufactured according to cGMP standards.

BiovaDerm® is ideal for cosmetic applications:

- Off-white color
- Very mild scent
- All natural
- 100% made in the USA!

BiovaDerm® is water-soluble for multiple delivery options:

Creams
Ointments

Powders
Cosmetics

Serums
Oils

Lotions
Soaps

PRODUCT SPECIFICATIONS

INCI/CTFA: Hydrolyzed Egg Membrane

CAS: 227025-36-6

Product Source: Egg Membrane

Molecular weight: ≥3000 kDa

Form: Sprayed dried powder

INGREDIENT PROFILE

Total Protein ≥85%

Collagen ≥20%

Elastin ≥20%

Total GAGs ≥5%
